Annual Per Capital Disposal

Employees

Total Number of Employees: 1666

Explain who was included in this number and how was this employee number calculated.

Included in this number is full time Caltrans employees for 2018, consultants, Pls, DGS staff, security, student assistances, students at our day care and the teachers at our day care.

Employees were calculated by how many full-time positions are funded in the Marysville office, contacting head engineers at their construction offices and asking how many employees and consultants they had/have through 2018. Contacting maintenance lead workers to see how many employees and Pls they have/had through 2018.

Part time calculations were made from info obtained by polling supervisors that had part time employees for winter operations. An example would be a supervisor hired 20 employees for winter and laid them off after 6 months, the full time equivalent positions added would be 10. I also contacted our local day care that Caltrans provides resources for and counted the kids and teachers.

Non-Employee Population

Total number of non-employee population: 9062891

Population Type: Visitors

How was this population number determined?

This count is from California Safety Roadside Rest Areas within the 11 counties that make up District 3. The number is calculated using data from vehicle counts obtained at the SRRA's and multiplying by 1.67 persons per vehicle, an average obtained by a study and published by the USDOT Bureau of Transportation Statistics. This number also reflects visitor counts taken from the District Office security guard visitor log book and the children and parents drop off/pick up from the onsite daycare.

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <https://www2.calrecycle.ca.gov/StateAgency/WasteMgmt/AnnualReports>

Date Generated: May 3, 2019 10:10 AM

Page 16 of 50

Disposal

Total amount disposed: 22,004.17 tons

Total transformation: 0.00

How was this disposal number determined?

Construction project information was collect via CEM 4401 forms completed by the resident engineers.

Dumpster information was compiled by noting every dumpster size in every building, how often they are pick up, average weight of cubic yard of trash (average weight gathered from EPA website).

Sweeper tailing information provided by maintenance.

Annual Results

	<u>Employee Population</u>		<u>Non-Employee Population</u>	
	<u>Target</u>	<u>Annual</u>	<u>Target</u>	<u>Annual</u>
Per capita Disposal Rate (pounds/person/day):	149.50	72.37	0.00	0.01
Per Capita Transformation Rate:	29.90	0.00		
Calculated Disposal Rate (pounds/person/Day):	--	72.37		

Questions

What types of waste are still thrown away (not reused, recycled, or composted)?

Maintenance emergency operations including vehicle accidents and spills on state highways. Sweeper and Vactor operations on state highways that cannot be recycled due to contamination. Construction jobs that have mixed debris. Litter removal from state highways gathered by Caltrans staff, inmates, civic groups, Adopt A Highway volunteers.

What difficulties or obstacles have you had with finding ways to recycle, reuse or compost these types of wastes?

Not applicable

Programs

Recycling

Beverage containers

Glass

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <https://www2.calrecycle.ca.gov/StateAgency/WasteMgmt/AnnualReports>

Plastics (#3-7)
Cardboard
Office paper (white)
Office paper (mixed)
Confidential shredded paper
Scrap metal
Wood waste
Tires

All the checked areas are recycled by Caltrans District 3. Most of the items checked are diverted to a recycler in recycle barrels that are picked up as needed by our salvage company.

Material Exchange

Nonprofit/school donations
Internal property reutilizations
State surplus (accepted by DGS)

Waste Prevention/Re-use

Paper forms reduction - online forms
Washable/Reusable cups, service ware, towels
Reusable boxes
Reusable pallets
Electronic document storage
Intranet
Reuse of office furniture, equipment & supplies
Reuse of packing materials
Double-sided copies
Email vs. paper memos
Remanufactured equipment
Rags made from waste cloth or reusable rags
Used Tires

Green Procurement
